

Manasquan Fireman's Fair

Spring/Summer 2023

Dear Sponsor,

The members of Manasquan Volunteer Engine Company No. 2, the organizers of the annual Manasquan Fireman's Fair, would like to offer you and your company the opportunity to become a part of the Manasquan area's most highly anticipated and highly attended community event! Every summer the community has turned out in record numbers to support the fair, and we look forward to breaking those records again this year.

At the fair, we have a captive audience of all ages because we promote our event with the most aggressive advertising options available through newspaper, radio, locally placed signage, highway banners, and airplane advertisements! The committee in charge of running the Manasquan Fireman's Fair has put together an excellent and affordable sponsorship advertising package for your review. Every year more and more local merchants and business owners support Manasquan Fire Department Volunteer Engine Company No. 2 through purchasing one of these sponsorships. **100% of the sponsorship advertising fee is tax deductible.** The funds raised through our advertising programs are used to offset the ever-rising costs associated with planning an event of this size.

Thank you for being a part of the Manasquan Fireman's Fair by purchasing a sponsorship/advertising package!

Sincerely,

Mike Galos
